"It is our belief that these ads may be potentially harmful, particularly to children and certain populations of women: women who may have recently aborted, experienced a miscarriage or stillbirth, are experiencing an unwanted pregnancy..."

"Seeing an image of a fetus in the particular context and with the notion of delivery which is displayed in these ads may make a vivid impression and traumatize the children."

I want you to know that I strongly object to the broadcasting of political ads in my home that show horrible pictures of aborted fetuses. I ask that you allow the management of TV stations in my community to prevent this from occurring again. If you will not do this, at least allow the stations to air this kind of material at times when children will not be watching, and require the advertisor to publish in the local newspaper a warning and schedule of these ads at least 48 hours before their broadcast.

Mr. Chairman, this is an outrage and I want it stopped. Now!

Respectfully,

Gary A. Welker
